Core-Mark’s Patrick Fay of Iowa Named National Driver All-Star

Twenty-one-year employee honored by National Private Truck Council for exemplary driving record, customer service and community volunteerism

Westlake, Texas – November 27, 2019 – For the second consecutive year, a professional driver from Core-Mark International, Inc., has been recognized as one of the nation’s best private fleet truck drivers.

Patrick Fay of Glidden, Iowa, a 21-year employee of Core-Mark’s Farner-Bocken division, was one of 23 individuals named a National Driver All-Star by the National Private Truck Council (NPTC). Each honoree demonstrated high-performance standards against peer drivers throughout the U.S. based on customer service, safety, adherence to company standards, regulatory compliance and community service.

A professional truck driver since 1983, Patrick has logged more than 2 million accident-free miles and has never received a speeding ticket during more than two decades of service with Core-Mark/Farner-Bocken. He currently pulls a 53-foot tractor trailer on the night shift, delivering a wide range of products to convenience store distribution centers throughout the Midwest.

“Pat is one of the industry’s finest drivers and we are proud he has received this well-deserved honor,” said Andy Newkirk, Vice President Operations, Core-Mark. “A talented professional and mentor to younger drivers, he exemplifies Core-Mark’s commitment to integrity and customer-centric service to each of our convenience retail clients.”

Highly regarded for being focused on safety, Patrick currently serves on the Farner-Bocken safety committee, which reviews all driver incidents and accidents. He is a participant in Highway Watch, which is a program that trains drivers to be on the lookout for human trafficking, and is CPR-certified.

Patrick also serves his local community. A volunteer firefighter in Glidden for 14 years, he is a certified safety trainer to new and existing firefighters. He has also been a member of the Glidden City Council since 2012, where he places a particular emphasis on pedestrian and motorist safety. He and his wife, Kandy, have two children and three grandchildren.

The annual National Driver All-Star award is co-sponsored by NPTC and International Truck/Navistar, Inc. Pat and the other 2019 honorees received their awards in September during the NPTC’s National Safety Conference event in Orlando, Florida.

Joe Coleman of Portland, Oregon, a 26-year Core-Mark employee, earned a National Driver All-Star award in 2018.

About Core-Mark

Core-Mark is one of the largest marketers of fresh, food and broad-line supply solutions to the convenience retail industry in North America. Founded in 1888, Core-Mark offers a full range of products, marketing programs and technology solutions to approximately 43,000 customer locations in the U.S. and Canada through 32 distribution centers (excluding two distribution facilities the Company operates as a third-party logistics provider). Core-Mark services traditional convenience stores, grocers, drug stores, mass merchants, liquor and specialty stores, and other stores that carry convenience products.
