

Five Star Breaktime Solutions Acquires Savannah Healthy Vending

Savannah, GA – December 19, 2025 – Five Star Breaktime Solutions announces the completion of the acquisition of full-service operator Savannah Healthy Vending. The transaction strengthens Five Star’s presence and expands its customer base across the Coastal Georgia region.

Savannah Healthy Vending has been locally owned and operated by Tommy and Holly Hacker since 2015. The couple has built a reputation for combining convenience with wellness – providing fresh, healthy snacks and drinks through their vending and micro-market services. Their commitment to promoting healthier lifestyle choices in the workplace made them a valued partner to businesses, schools, healthcare facilities, and gyms in the region.

“We are thrilled to welcome Savannah Healthy Vending to Five Star. Our team appreciates the trust the Hackers have placed in us as a partner to carry forward service to their clients. This deal supports our focus on accelerating growth in Savannah,” commented Pat Barger, Director of Mergers & Acquisitions for Five Star.

Five Star adds over 200 vending machines, 32 breakroom markets, and nearly three dozen coffee service end points. The company will integrate these locations into its robust regional operations network to ensure a seamless transition for customers and employees. The Hackers will assist Five Star during the transition process to maintain service continuity and bolster long-standing customer relationships.

ABOUT FIVE STAR
