**Sweet Street Receives Coveted Industry FABI Award**

*Zoe's Crush Manifesto® Cookie Awarded Top Honors*

*As Part of National Restaurant Association Show*

**READING, PA (May 20, 2020)** — Sweet Street, the nation's leading manufacturer of gourmet desserts, announced today its recognition for its Zoe's Crush Manifesto® Cookie as a 2020 Food and Beverage (FABI) Award recipient. Each year at the National Restaurant Association Show, the FABI Awards highlight products that are breaking new ground in taste, creativity, packaging and profit potential within the foodservice industry.

"Zoe's Crush Manifesto Cookie is sweet with a subtle hint of savory and helps operators deliver an on-trend and flavorful option their customers can feel good about enjoying. We are honored this delicious product has been recognized as a recipient of this year's FABI Awards!" says Rick Kirkpatrick, VP Sales and Marketing.

Named after Sweet Street's founder, Sandy Solmon's daughter, the Zoe's Crush Manifesto® Cookie was born out of quality mother-daughter time spent in the kitchen testing recipes. A combination of toffee, almonds, toasted sesame, candied ginger, Single-origin Peruvian chocolate and a delicate hint of miso make this cookie a must. It is also certified gluten free to deliver a delicious alternative for consumers.

This is the 4<sup>th</sup> FABI Award Sweet Street has received for their Manifesto® Individually Wrapped products. To learn more visit [www.sweetstreet.com](http://www.sweetstreet.com).
