

FOR IMMEDIATE RELEASE

KPS Global® Announces JB Diversified as Manufacturer's Representative

Fort Worth, TX - April, 23, 2018

KPS Global is pleased to announce the appointment of JB Diversified Products, Inc. as its newest manufacturer's representative. JB Diversified Products, Inc. will manage the following states for KPS Global: Oregon, Utah and Washington.

JB Diversified has been representing supermarket equipment including refrigeration systems, glass door freezer and cooler cases and display cases for bakery, deli, floral, meat/seafood and other specialty uses, as well as maple top and stainless-steel tables and sinks. The company is excited to include their first insulated panel manufacturer to their portfolio.

Sean McGrann, Senior Vice President of Sales & Marketing at KPSG stated "JB Diversified only represents the most highly regarded leaders in the industry. We're humbled and honored to be part of their list of partners."

"We specialize in providing personalized customer service and helping clients choose products to encourage the growth of same store sales and reduce operating costs," said John, principal of JB Diversified. "Our commitment to customers is to deliver value in all that we do through our people, products and services."

About JB Diversified

With offices in Portland and Salt Lake City, JB Diversified Products, Inc. has been a manufacturer's representative company since 1991. Through their highly experienced team, they are able to deliver impactful solutions through a wide-spectrum of product offerings and technologies. In addition, the company's offerings allow a retailer to acquire virtually all significant equipment from one single source.
