PepsiCo Foodservice Launches PepsiCo Partners Website

PepsiCo Partners provides operators capability for easy and efficient online ordering, coupled with customized attention they have come to expect from PepsiCo

WHITE PLAINS, N.Y. (May 17, 2018) — PepsiCo Foodservice today announced the launch of PepsicoPartners.com, an online platform that enables PepsiCo to serve operators with the personalized attention they've come to expect, but with the ease and efficiency of e-commerce.

In addition to providing partner operators the ability to manage orders for multiple accounts via an intuitive and streamlined interface, they can also turn to PepsiCo Partners for exclusive resources such as creative recipes incorporating PepsiCo's unparalleled food and beverage portfolio, and detailed information about PepsiCo's top-selling products and innovations. Further, the site will regularly update to provide access to timely and insightful business-driving tips and trends, such as how to digitally market to Gen Z consumers and how to tap into the craft market trend to increase sales.

To learn more, visit PepsicoPartners.com. If attending the National Restaurant Association Show in Chicago, May 19-21, 2018, please visit the PepsiCo booth for a live demonstration.
