Dover Fueling Solutions VP to Keynote at Bosch Connected World 2020

Kurt Dillen to Speak on Digitalization of the Fuel Retail Industry

AUSTIN, TEXAS – February 18, 2020 – [Dover Fueling Solutions \(DFS\)](#), a part of Dover Corporation and a leading global provider of advanced customer-focused technologies, services and solutions in the fuel and convenience retail industries, is pleased to announce that Kurt Dillen, DFS VP Business Development, will be the keynote speaker at the [Bosch Connected World](#) conference, a leading conference on IoT and digital transformation. As part of DFS' commitment to support fuel and convenience retailers towards digital transformation, Kurt Dillen will present on this topic to some of the 3,500+ attendees.

The conference will take place at the STATION-Berlin, Germany, between the 19th and 20th February. It is a meeting point for product and solution development experts which attracts executives, decision-makers, digital transformers, innovators, developers and IoT enthusiasts from industries from all across the globe. Over the two-day event, thought leaders from some of the world's most influential companies are offered the opportunity to share best practices, success stories, customer cases and strategies, in order to promote future business and development.

Kurt Dillen will join over 170 other experts to share his knowledge and experience on integrating and working with IoT enabled devices. His presentation, entitled 'Digitalization of the Fuel Retail Industry', will be delivered between 03:30 pm – 03:50 pm (CET) on the 19th February and will give listeners insight into how DFS is working towards creating a truly interconnected forecourt through IoT and cloud solutions, with the help of its collaborative partnership with Bosch.

Kurt Dillen commented, “I am honored to have been given the opportunity to speak at such a renowned event, which has really taken off in recent years. Tokheim and Wayne Fueling Systems products and solutions have pioneered the fueling industry with advanced technology and focus on digital transformation. Being asked to speak at this conference as a keynote speaker really shows that the industry recognizes our success and expertise.”

He continued, “In 2020, I’m excited to announce that we will continue to lead the way in technology and IoT and transform the fuel retail industry by launching several new innovative products, services and solutions.”
