Hunt Brothers® Pizza Announces New Pizza Wholesale of Lexington, Inc. Distribution Center in Jenkins, KY*Company expands to grow footprint, increase delivery efficiency and enhance customer experience*

NASHVILLE, Tenn. (June 8, 2018) – Hunt Brothers® Pizza, the leading pizza brand in the convenience store industry, broke ground on May 9th on a new distribution center to be operated by Pizza Wholesale of Lexington, Inc., in Jenkins, Kentucky. The 4,648 sq. ft. facility is scheduled to be completed in October of this year and will allow Hunt Brothers Pizza and Pizza Wholesale of Lexington, Inc. to expand their services and better serve their customers throughout eastern Kentucky and Virginia.

“We are grateful for our valued customer partners in Appalachia. Their loyalty and commitment to the Hunt Brothers Pizza brand are the drivers behind this expansion,” says Erin Hunt Ferguson, CEO and President at Pizza Wholesale of Lexington, Inc. “This new distribution center will help us grow within the area, improve working conditions for our local team, and shorten drive times to allow for more valuable face-time with our Hunt Brothers Pizza locations, ensuring that we continue providing personal, timely customer care. We sincerely appreciate the support from Jenkins Mayor Todd Depriest, the Appalachian Industrial Authority, local county judges and the Kentucky Power Company.”

Dee Cleveland, Director of Marketing for Hunt Brothers Pizza, says, “As one of our founding distributors, Pizza Wholesale of Lexington, Inc., continues to deliver exceptional service while maintaining high quality in our products and customer service. They are truly a valued partner, and we are looking forward to the opening of their newest distribution center.”

Jim Hunt, PWL founder, and his early team members were instrumental in opening this market in 1977, to which he felt honored to serve this community for many years. This new state-of-the-art distribution center will help increase economic growth throughout eastern Kentucky. The center is being constructed by Gray Construction of Versailles, and will sit on four acres in the industrial park located near the Raven Rock Golf Course in Jenkins, Kentucky. In addition to bringing more production and service, the build will bring an estimated 6,500 hours of construction with nearly half coming from the local workforce.
